COUNCILLORS FROM LIMPOPO ASTOUNDED BY MIDVAAL'S EXCELLENCE IN SERVICE DELIVERY

**Meyerton, Gauteng – 26 NOVEMBER 2009 = MIDVAAL'S EXCELLENCE IN SERVICE
DELIVERY**

Issued to: All Media

As part of an initiative to exchange ideas and knowledge in the field of municipal expertise, Midvaal Municipality was host to visiting councillors from various municipalities in Limpopo. The visiting councillors undertook a tour of the municipal facilities as well as a tour of the Midvaal region as a whole. Furthermore, a presentation regarding the day to day working and management of the municipality was given. This led to a fruitful exchanging of ideas, views and knowledge between the representatives from the two regions.

Besides being astounded by the natural beauty of the Midvaal region, the visiting Limpopo councillors expressed their approval concerning the efficiency with which Midvaal is run, as well as their approval of Midvaal's commitment to service delivery and its tough stance on corruption and mismanagement.

This important initiative was beneficial to both parties involved and the knowledge gained from it will ensure that Midvaal's already high standards of service delivery will continue to improve.
