NOTICE: ELECTRICITY INTERRUPTION

In the last few months the residents of Ward 2 have been experiencing constant power outages to the following areas:

- Risi Small Farms
- Mckay Estates
- Glen Donald
- Kubali Estates

Subsequently the Municipality took the decision to strengthen the electricity network with the following interventions:

Laying of an underground cable in Gardner & Brockett Streets to supply McKay Estates was completed.

The next stage being strengthening of the existing overhead line in Risi Small Farm with an erection of a new overhead line to supply Glen Donald, has commenced.

Intermittent power interruptions will start from 1 July 2020, effecting Risi Small Farms, Mckay Estates, Glen Donald and Kubali Estates. Notices will be hand delivered to the effected households as the project progresses.

Residents will experience power interruptions as the project progresses.

The electrical supply must be treated as LIVE during the off period for safety purposes.

We thank you for your patience during the execution of this essential work. Everything possible will be done to keep the downtime as short as possible.
