URGENT NOTICE

WATER PROVISION TO HENLEY-ON-KLIP & Highbury

Dear Residents,

In an effort to improve the water provision services in the Henley on Klip and Highbury areas of Meyerton, Midvaal Local Municipality has appointed a contractor to replace very old existing water mains in your area. The water mains will be replaced by means of trenchless technologies in an effort to minimize the impact of the construction on the area. However this construction may lead to reduced pressures in the short term.

We request your patience and understanding in this regard as the end result will be improved pressures and water supply to your area.

The preliminary work already started and the planned completion is the end of August 2014.

The roads which will be affected during construction are as follows:

- Aandblom Road between Kruebos- and Kapokblom Roads
- Marmer Road between Batoliet- and Graniet Roads
- Rooibok Road between Marmer- and Bosbok Roads
- Bosbok Road between Rooibok- and Bokmakierie Roads
- Bokmakierie Road between Bosbok road and Henley Drive
- Henley Drive between Bokmakierie- and Cleeve Road; and
- Shalgrave Road between Iffley- and Wargrave North Road.

The contractor will liaise with the relevant land owners / residents prior to construction in each area. Your patience and understanding is appreciated.
