## **PUBLIC NOTICE**

### **Review of the Feasibility of an External Service Delivery Mechanism in respect of the Electricity Distribution Services**

In terms of the provisions of Section 78(3) (a) of the Local Government: Municipal Systems Act, 32 of 2000, the Midvaal Local Municipality hereby makes known that it intends to review the feasibility study of an external delivery mechanism for the management, operation and maintenance of its electricity distribution services. The feasibility study was originally completed in May 2018 and took into consideration the comments received from the community during consultation meetings for residents and business held in January 2018. Since the transaction advisor contract expired, a new competitive tender has been held and PwC has been appointed as the new transaction advisor to update the feasibility study. This will be done with project development funding assistance obtained from the Government Technical Advisory Centre (GTAC) of National Treasury (NT) and the Infrastructure Investment Programme for South Africa (IIPSA) as administered by the Development Bank of Southern Africa (DBSA). NT, DBSA and Gauteng Provincial Treasury are exercising oversight of the project.

Should the reviewed feasibility study materially differ from the original study, the Municipality will as directed by Section 78(3)(b)(iii) of the Local Government: Municipal Systems Act, 32 of 2000, again formally obtain the views of the community in respect of the reviewed feasibility study by making the feasibility study in its entirety available to the community and by inviting comments and representations thereon.

Enquiries can be directed to Ms. Erané Viljoen, Tel: 016 360 5802 and e-mail: [elecPPP@midvaal.gov.za](mailto:elecPPP@midvaal.gov.za)
