4. ROLE OF THE ACCOUNTING OFFICER

The Accounting Officer is responsible, amongst others, for the following:

- (a) No unavoidable expenditure exceeding R15 million may be approved during a financial year.
- (b) Any official / department becoming aware of the need to incur unforeseen or unavoidable expenditure must immediately approach the Chief Financial Officer with the full details on the unforeseen expenditure, providing information on the consequences of not incurring the expenditure as well as an indication of the expected cost (both for the current year as well as any recurring cost resulting from the event). A confirmation that the expenditure does not constitute expenditure that may not be allowed by the Executive Mayor as per section 73(2) of the MFMA Budget and Reporting Regulations must be given by the department when approaching the CFO.
- (c) The Chief Financial Officer will determine whether the cost cannot be dealt with through a process of shifting of funds within the relevant votes in terms of the virements policy of the municipality. If sufficient funds are available, the virements process will be followed. If not, the matter will be reported to the Municipal Manager for consideration as unforeseen and unavoidable expenditure.

- (d) Once the Municipal Manager has granted approval, the relevant Executive Director will be authorised to submit a report to the Executive Mayor requesting approval. If approval is granted, the financial system will be adjusted to allow the department to process the financial transaction.
- (e) The abovementioned process will be dealt with as highest priority to ensure that administrative delays do not exacerbate the situation.
