## REPLACEMENT OF OLD ELECTRICITY PRE-PAID METERS

Dear Midvaal Residents,

Midvaal Local Municipality (MLM) wish to remind residents of the replacement of old electricity pre-paid meters for TID compliance. Midvaal Local Municipality have appointed KEO group as the professional service provider to carry out with the project.

The project runs across Midvaal areas of electricity supply. The appointed service provider personnel will require access to all properties affected. Residents are requested to punch in all outstanding token before the replacement of the meter. Please note that meters are replaced for free no resident should pay any cost, however there are instances where the residents will have to re-arrange the wiring of electricity supply which might involve some cost, in such instances the affected property owner will be informed.

Residents are also advised that it is a Municipality By-laws offence to prevent/evade an officially accredited service provider to carry out a task. Members of the public who do so and harass staff will be penalized. Your cooperation and support will be much appreciated

The KEO group personnel will be wearing clearly marked clothing or reflectors with identification, will be in possession of an appointment letter from Midvaal Municipality and vehicles with KEO group logo.

Original signed

**Mr. Eugene Lensley**  
Acting Municipal Manager
