

Dintshang?

EDITION 7

MONTHLY STATEMENT TO MIDVAAL RESIDENTS

Dear Midvaal residents,

Welcome to another edition of the Mayoral Newsletter, Dintshang. We are committed to keeping you informed about service delivery initiatives, programmes, and events. Midvaal has set a remarkable standard of service delivery, and we intend to uphold this without fail. Instead of being complacent, we will approach challenges with a spirit of innovation and creativity to find sustainable and lasting solutions. This will be done despite the limitations of our available resources and budget. As our residents, you must expect nothing less than excellence.

TRENDING THIS MONTH :

- Installation of 300+ energy efficient LED streetlights
- Bringing social services to the people
- Reducing road fatalities during easter
- Consultation on the 2023/2024 draft budget

EXPLORING INNOVATIVE WAYS TO ADDRESS THE ENERGY CRISIS

As the power crisis surges on, Midvaal must explore innovative ways to become less reliant on Eskom. A delegation of Senior Managers attended an Energy Conference in Sandton. The purpose was to engage stakeholders on a national level on innovative developments to address the energy crisis. We are committed to finding sustainable solutions for our municipality to shield our residents from the harsh impact of load shedding.

BUANG BATJHA LISTENING AND ENGAGEMENT CAMPAIGN

The Office of the Mayor has begun with the Buang Batjha youth engagement sessions. We encourage young people to take advantage of this opportunity to come and engage us and present solutions to the socio-economic challenges they face. Listening to our people is non-negotiable. The youth are the leaders of tomorrow, it is imperative that they have a voice in the country's future and development. We encourage young people to take advantage of this opportunity to come and engage us.

LET'S WALK WITH THE MAYOR

On Saturday, 6 May 2023, we hosted a Let's Walk with the Mayor event in Sicelo, Ward 10. The Let's Walk with the Mayor is a 5-kilometre fun walk that was initiated after a fruitful IDP engagement with the communities throughout Midvaal. The Municipality hosts such events with the aim of bringing communities together to celebrate our diversity and for a good charitable course. We have invited representatives from various government departments to simultaneously provide social services to the people of Sicelo.

BRINGING SOCIAL SERVICES TO THE PEOPLE

Midvaal Municipality collaborated with the Department of Social Development, Heineken, and other stakeholders to bring social services closer to our people. Community members from Boitumelo, Khayelitsha and Pillies Farm members were given access to various government services from departments such as Home Affairs, SASSA, SAPS, and others. The community was also educated on the dangers of alcohol. Midvaal Local Municipality remains committed to empowering and uplifting our communities.

INSTALLATION OF 300+ ENERGY-EFFICIENT LED STREETLIGHTS

Midvaal has successfully completed the installation of over 300 energy-efficient LED streetlights in Savanna City, Ward 11. This project will positively impact our residents' quality of life by providing improved visibility, safety and deterring criminal activities. The municipality is in the process of installing PV high mast lights in Sicelo and Lakeside at a cost of over R2.1 million. Midvaal Local Municipality remains committed to delivering excellent service delivery for all its people.

Top news of the month:

CONSULTATIONS ON THE 2023/2024 DRAFT BUDGET

Midvaal has concluded consultation with Ward Committees and other stakeholder groups on the 2023/2024 draft budget. Our aim is to ensure that the budget is distributed and allocated fairly. The municipality is determined to adopt a budget that captures the interest of all stakeholders within our area, whilst addressing the long-term developmental needs of Midvaal.

ALZU FEEDS

ALZU has expanded their business and we couldn't be happier. Midvaal is committed to supporting local businesses like ALZU and their dedication to providing high-quality products and employment.

Let's all show our support by visiting their store today
