LANDFILL SITES AND TRANSFER STATIONS OPERATIONS INFORMATION

To access any of the Midvaal Local Municipality waste management facilities for disposal purposes, a valid disposal permit is required. Permits can be obtained from the Waste Management Depot located at 43 Galloway Street, Meyerton.

Please note the following:

- Midvaal residents (account holders who pay rates and taxes) are not charged disposal fees but are still required to present a valid permit to access the site.
- Businesses are subject to disposal fees based on the weight (tons) of the waste disposed. A schedule of fees is available at the entrance of the landfill site.
- ONLY general waste is accepted at all Midvaal landfill sites.

What is general waste?

- **Household Waste:** Everyday waste generated at home, such as food scraps, packaging, paper, and plastics.
- **Commercial Waste:** Waste produced by businesses, offices, shops, and restaurants, which is similar in nature to household waste and non-hazardous.
- **Garden Waste:** Organic material such as leaves, grass clippings, and small branches.
- **Non-Hazardous Industrial Waste:** Waste from industrial processes that is not classified as hazardous (that does not pose a significant risk to health or the environment).
- **Construction and Demolition Waste (Non-Hazardous):** Materials such as bricks, concrete, wood, plasterboard, and furniture. These items must be broken into smaller pieces to allow onsite machinery to compact and cover the waste efficiently.

ACTIVE TRANSFER STATIONS

The transfer stations accept a **MAXIMUM OF 1 TON** of waste per day from residents and small businesses.

WHY? Transfer stations are provided for the convenience of residents and small businesses. To ensure fair and efficient use of these facilities, MLM does not permit any single user to dispose of more than 1 ton of waste per day. Excessive disposal by one user leads to bins filling up rapidly, limiting access for others. These facilities also play an important role in reducing the volume of small vehicle traffic to the main landfill sites.

OPERATING HOURS FOR ALL TRANSFER STATIONS

Monday to Friday	07:30 – 16:00
Saturdays & Public Holidays	07:30 – 15:00
Sundays	07:30 – 15:00
