

MIDVAAL INVESTS R11.7 MILLION IN UPGRADING THREE GRAVEL ROADS TO TAR

Midvaal Local Municipality is investing over R11.7 million in upgrading three gravel roads in Ohenimuri to tar to improve road infrastructure and accessibility for residents.

The project will cover Felix Avenue, Jannet Avenue and Morkel Avenue.

The project is valued at R11 786 014.04 and is expected to be completed by 26 February 2027.

While the municipality continues to prioritise road maintenance and pothole repairs through the War on Potholes campaign, it also recognises the importance of investing in the long-term upgrading of roads.

These investments will improve road conditions and ensure safer, more accessible routes for residents.

The gravel-to-tar project will also create local economic opportunities through the appointment of 11 small, medium and micro enterprises (SMMEs), six local labourers and one Community Liaison Officer (CLO).

Midvaal remains committed to investing in infrastructure that improves the quality of life of residents while creating opportunities for local businesses and communities.

ISSUED ON BEHALF OF THE OFFICE OF THE EXECUTIVE MAYOR:

Yours in Service Excellence, Ald. Peter Teixeira
